CAMBRIDGE GIRL A SURPRISE

file Takes the 8:00 Class Trot in Three Heats Better Than 2:20-Answer an Easy Winner,

Even the influence of a free gate and imphitheatre did not being a large at-radiance of ladies, and not a large road of the sterner sex were in attend-nce on the closing day of what must be termed a very anocessful race meeting, even in the face of a lack of patronage. The racing throughout has been good, the seather all that could be desired, the fields large and the races on the

the fields large and the races on the square; yet for some unaccountable reason the people have not turned out in each numbers as might have been expected, where the racing was such as rould have done credit to any point in ine grand circust.

The three events on yesterlay's card were disposed of in straight heats, the printipal feature being the form displayed by the two filles l'alfa and Lady l'otter, which made the racing in the lipear-old trot. It is improbable that two better youngsters have come together this year than this pair. At least either would look well in the company of the best of the season.

A work out mile, between heats, by the hig, black stallbon, Coralleid, in thich he made a losing break, caused by losing a shoe in the stretch, but finished in 1974, was the fastest mile shown by a trotter during the week.

TWO-YEAR-OLD TROTTING.

Fulfa, the Allerton Pilly, Took Two lients After a Struggle,

Heats After a Struggle.

The spening mile in the race for typer-noids was one of the best colt races at the season. Lady Patten led to the quarter, when she broke and caught rankly, but was passed by Faifa. I have been come the whole field 'gin Faifa.' But before be had time to take many bets Lady Patten's gray head showed in front and she soon had a lead. Lowry amended his offer by making it to even morely Lady Patten over the field. But Williams can sit still as long as anyhody and he let his sweet guited filly have her cwn way. She came home in a way that reminded horsemen of the family by her sire when he beat Nelson over this track. She finished a half length in front of the gray. In the next heat the contest between the two fillies was renewed with increased vigor, but the chestant mare was never headed, winning a new mark of 22434. The winner is by Allerton, the first colt ever bred by C. W. Williams, and is the oldest colt from that sire by a well bred dam. Her dam is Cyprus, 22234, the first mare Williams ever drove to a record better than 230. Faifa is one of the best fillies of her age now in training.

Uttacly devoid of interest or the sem-biance of a contest was the 2:30 trot. Marvin has been very successful all the year and in the race he had the old caryear and in the race he had the old car-leature. As mone of the others combit go 'a lick on earth any part of wither of the three miles, he had the race entirely at his mercy, winning in alow time. Cambridge Girl Surprises the Talent and Captures the Money.

Cambridge Girl surprised the talent as much as did her brother, Cambridge hop, earlier in the week. Dixis Van and Jos Rowell were looked upon as the products winners, and either had more producte withouts, and either had more speed than the cheefnut mare, but not of the kind available at the end of the mile, and after racing the distance together to the three quarter pole both stopped to particle of a cough loxenge, while the incomer fifty finished alone. ROWED IN ROUGH WATER,

Dermort, Mich., Aug. 12.—The course at Helle Isle was so rough today that it was after 5 o'clock before the water was amouth enough for even open boats and the ten-cared barges were first called. The Wolverine and Tecumseh crews were the only entries. The Tecumseha turned one streke shead of the Wolverines, but the latter evertook and passed them, winning by as open length.

The tandem rance race was wan easily by the Argonauts of Toronto.

After this race everybody waited until 5,30 for the course to become a little smoother. The senior fours were then called and the Argonauts went to the front and turned six lengths in advance of the others. The Wyandottes maile a desperate fight on the way home, but the Argonauts had too much up their sleeve to allow themselves to be overtaken. Standish and Lyon of Detroit had it all their own way in the senior pairs, as no other crew started. In the doubles the Stars who won, rowed under a protest. After this race it became so dark that there was no chance for deciding the junior singles and they will be rowed Monday morning.

Following are the summaries:

Ten-cared barges—Wolverines of Detroit won; time, 10:07; Tecumsehs of Walkerville second.

Tandem cance—C. H. and P. C. Muntz of the Argonauts won; time, 3:10; Reynelds and Gould of Detroit second.

Senior fours—Argonauts of Toronto, A. P. Burritt, bow; E. A. Thompson, 2; F. H. Thompson, 3; W. E. T. Paine, stroke, won; time, 10:50½; Ecorse, third.

Senior pair—F. D. Standish and F. A. Lyon, Detroit, won; no other starters, no time taken.

Senior doubles—Stars of Buffalo, Gray and Curran won; time, 10:37; Argonauts of Toronto, second.

Grocers' day celebration, besides furnishing numerous attractions to entertain these business men and their friends, and prepose to furnish attractions this year equal or botter than in the past. The difference in fure and tune in transit between Grand Rapids and Ottawn Beach and Grand Rapids and Resed's lake is obvious.

The business men of Resed's Lake, whose signatures are appended, have provided a list of attractions, consisting of athletes, aquatics, musical and startling exhibitions, a list of which will be published later. They are confident and expect to have a crowd of Grand Rapids grocers and butchers, with their friends, of as large dimensions as in the past. All those who are disposed to show their appreciation of our efforts in the past and give encouragement to the future will do it by visiting the lake Aug. 17th and enjoy the program presented there. And recollect the ones whose names are signed below are endaworing to deserve your patronage and commendation.

Respectfully yours.

WEAK, DISCOURAGED, DISHEARTENED.

Many Women See Little Pleasure and Much Suffering From Diseases That Are Curable When Properly Understood and Treated.

Thousands of women are today suffering from ailments that sould be easily relieved and permanently cured if the conditions were understood as they should be. To many of these death, with all its blackness and horror, would be a welcome relief, so burdensome is

a life of continual unbealth and afflictions that mp the energy and strength.

A prominent physician of America, in a recent address before a graduating class, said:

"Gentlemen, you must not forget a woman has other organs basides the special organs of
sex, and remember that all her allments do not come from these organs." There is a widespread tendency among physicians of today to ascribe all the complaints of their lidy pa-tients to disease of the female organs, and yet in many cases these same symptoms occur in

Catarrh produces lassitude, a dull heavy feeling in the head, pains in the back and abdomen, and bloating, which may and is often taken for the symptoms of female trouble; especially is this the case when it is accompanied by nervous prostration, headache or disephanees. These same symptoms often accompany catarrh and yield to the proper treatment of the disease when treatment for the female organs has falled to do what was promised. Drs. Copeland and Graham invite all such sufferers to come and talk with on. Consultation and Examination Free.

A GRATEFUL WOMAM.

Mrs. C. Schram is respected and well liked by all who know her, and is to be found at her neat and pleasant little home, 159 Oak-land avenue. She is well known in church circles of the South side and her statement is of interest to all ladies. She says:

MRS, C. SCHRAM, 150 OAKLAND AVE. "For years I had been suffering from various allments which made it hard, and at times impossible, for me to do my household duties, and while I gained temporary relief at times, yet I was aware that whatever lay at the root of my trouble remained unbelped. I consulted Drs. Copeland and Graham for headache in front and back, pain between my shoulders, weakness, dragging pain in the back, and bloating. My nose felt sore and discharged. I had a drypping in my throat, my eyes were weak and inflamed and there were noises in my head. My appetite was variable, I had a bad taste in my mouth, my stomach generated gas and distressed me frequently, and when

"I was getting weaker and more nervous all the time and although discouraged I was impressed by the clear explanation given me by Drs. Copeland and Graham that I felt that I had at last found a physician who understood my case. As a result I can say that they falled in nothing that promised, and I progressed steadily until now. I feel entirely different, and my household duties instead of being a burden are a pleasure, and I feel so grateful to Drs. Copeland and Graham for what they have done for me that I shall ever recommend them as skillful and successful physicians to all who are sick.
